

VINYL REMOVER VR15

Do you want to **SAVE TIME?**

Take control of your **WASTE!**

Avoid **MISTAKES!**

JUST IN FROM DENMARK

It's finally here: The machine which strips away your excess film from your cutting plotter and print'n cut

Any type of film: Cutting vinyl, reflective vinyl, transfer materials, print'n cut – with or without laminate and much more!

VINYL REMOVER **VR15**

Product	Description	Price
Vinyl Remover VR15-85	Working width 850mm	€ 1.395
Vinyl Remover VR15-143	Working width 1430mm	€ 1.595
Vinyl Remover VR15-170	Working width 1700mm	€ 1.795

The Vinyl Remover is capable of stripping away any film from your cutting plotter or print'n cut. It is designed for easy mounting on your worktable with just 6 screws, or to be mounted on your flatbed laminator and you can even use it on a portable table stand.

The working width is up to 1700mm.

It's operated with a single hand driven crank and gets the job done in no time. You can even pause in the middle of a job to attend other business and finish the job later.
